Visitation Guidelines: New Policies and Procedures for Visitors

The need to protect our participants and staff during this challenging public health time necessitates that Nevada Senior Services adopt practices to reduce on campus visitations.

Procedures are as follows:

- Visitors other than immediate family caregivers will not be permitted to visit with clients at the adult day care center.
- Family members will be asked to remain in lobby areas while clients are welcomed or are leaving the facility.
- Family members wishing to speak with staff members should make the request at the front desk and the staff member will meet them in the lobby and/or escort them to an office area.
- When allowed, visitors are encouraged to perform hand hygiene and limit their movement and interactions with others in the facility.
- All visitors to the adult day care center other than family members must sign-in at the front desk.
- Visitors to other Nevada Senior Services offices should not walk through the Center but should be met and use outside access to offices.
- We will restrict anyone with fever or symptoms of respiratory infection (e.g., cough, sore throat, or shortness of breath).
