

# Volunteers Provide Day of Service to Adult Day Care Center of Las Vegas

On May 30, 2013 a new page was created in the memory book for clients at Adult Day Care Center of Las Vegas as AARP & Aetna collaborated to deliver a heartfelt volunteer day of service to the Center.

On hand for the festivities were AARP President Robert Romasco, Aetna VP Ann Bryan & AARP's Dr. Pepper Schwartz who participated in planting the new Zen Garden, painting a permanent dedication mural for the garden and participating in activities from Wii Fit to bingo.

A generous sponsorship donation from Aetna made the garden and other activities possible. Clients and staff also enjoyed special gifts from Aetna and happily sported "What's Your Healthy" tee shirts. The most important legacy will be the exchange of spirit that lifted the volunteers, dignitaries staff and participants.

Adult Day Care Center of Las Vegas is located at 901 N. Jones, Las Vegas NV 89108 (702) 648-3425 [www.nevadaseniorseices.org](http://www.nevadaseniorseices.org).
